

BUZAN'S MIND MAPPING

PLUS

- ✓ Colourful
- ✓ Simple (One key associated word only)
- ✓ Takes little knowledge of the theory to produce
- ✓ Caters to several different learning types
- ✓ Works with the brains natural thinking patterns
- ✓ You can easily add ideas or links later

MINUS

- ✗ Time consuming
- ✗ Need colourful tools
- ✗ Need some artistic ability
- ✗ Not suitable for very young children
- ✗ Your map may be so personal it could be difficult for others to understand

IMPROVEMENTS

- Lower cost software programme
- Software and books could have examples of Mind Mapping levels for different ages.
- IMap5 requires training to use
